FILMMAKING | ARTS | NETWORKING

WELCOME

Welcome to 'The Resource Productions Programme 2023-2024', our first in 24 years as an National Portfolio Organisation (NPO) and introducing 'Screen Berkshire', our new skills cluster programme. These are exciting times, allowing us to offer more opportunities, bootcamps, workshops and meet ups to Berkshire-based creatives, whilst maintaining our mission of enabling social change through art and digital media.

SCREEN BERKSHIRE

One of six BFI Skills Clusters across the country, Screen Berkshire (Berkshire Skills for Screen Cluster) is the county's answer to the growing skills shortage. Led by Resource Productions in tandem with several Berkshire-based organisations, the cluster will provide localised support to those in, or looking to join, the creative sector such as training opportunities, production support and skills development.

BERKSHIRE FILM OFFICE

Resource Productions runs and manages the Berkshire Film Office (BFO), working with the six councils of Berkshire to facilitate filming on location and maintain Berkshire as a film-friendly county. By helping to facilitate filming in Berkshire, the BFO opens up the opportunity for productions to hire local crew and provide jobs for the community. Productions will utilise local services and spend money in the area, building economic growth.

YOUTH ENGAGEMENT SLOUGH

Youth Engagement Slough (YES) is a consortium of Slough-based service providers for young people led by Together As One (Aik Saath), Resource Productions and SWIPE with a shared goal is to equip, enrich and empower the future minds of the next generation. This is achieved by creating supportive spaces and free activities for children and teens to explore their creativity, meet new people and build upon skills vital to their development. With the central groups being headed by young people, YES works with young people for young people.
